About us

Hi, we are Tugce and Gokay, a Turkish couple who travel the world and live in different destinations. We are part digital nomads, part phd students and part beach bums. We are documenting our memories along the way on our travel blogs, social media pages and Youtube channel. As long as there is coffee, good weather, wifi and backgammon, we are fine. Our dream is to travel, enjoy sunshine and tropical islands and learn about new cultures while we can work wherever we love together.
